4. Employee Master

The Employee Master is where you manage all employee records.

Step 1: Open Employee Master

- 1 Click "**Employee Master**" in the left sidebar

Employee Master Features

- 1 **Search Box** — Type Employee ID, Name, or Phone to find any employee
- 2 **Company Filter** — Select a specific company/unit to view only those employees
- 3 **Add Employee** — Click to add a new employee record
- 4 **Import Excel** — Bulk import employees from Excel
- 5 **Export Excel** — Download employee list as Excel
- 6 **Edit Button** — Click on employee row to modify record

Step 2: Add New Employee

- 1 Click "+ **Add Employee**" button

- 2 Fill in mandatory fields: **Employee ID, Name, Company**

- 3 Fill optional fields: Department, Designation, Phone, Date of Joining

- 4 Enter salary details: Base Salary, Salary Structure (FIXED)

- 5 Click "**Save Employee**"

● **IMPORTANT:** Employee ID is PERMANENT. Do NOT change it after creation. The system generates the password from Employee ID automatically.

Important Fields

Field	Mandatory?	Description
Employee ID	☒ Yes	Unique code (e.g., SV1ST0099)
Employee Name	☒ Yes	Full name as per records
Company	☒ Yes	SVN-1, SVN-II, Sakar-I, or Sakar-III
Department	No	Production, Assembly, Quality, etc.
Designation	No	Officer, Technician, Worker, etc.
Phone Number	No	10-digit mobile number
Date of Joining	No	When employee joined
Base Salary	No	Monthly basic salary (₹)
Salary Structure	No	FIXED (recommended)

5. Attendance Register

Mark daily attendance for all employees.

Step 1: Open Attendance Register

- 1 Click "**Attendance Register**" in the left sidebar

Step 2: Select Month & Company

- 2 Select the **Month** from dropdown (e.g., May 2026)

- 3 Select the **Company/Unit** (SVN-1, SVN-II, Sakar-I, Sakar-III)

Step 3: Mark Attendance

- 4 Click on any cell to change attendance status

Attendance Codes

Code	Meaning	Color
P	Present	Green
A	Absent	Red
L	Leave	Yellow
WO	Weekly Off	Blue
PH	Paid Holiday	Green

Step 4: Save Attendance

- 5 Click "**Save Attendance**" button after marking all employees

 **TIP: Auto-Leave:** When an employee's leave request is approved through Leave Management, the attendance register is automatically updated with Leave (L) status for those dates.

Import Attendance from Excel

- 1 Click "**Import Attendance**" button
- 2 Select your Excel file with attendance data
- 3 Review the import preview
- 4 Click "**Confirm Import**"

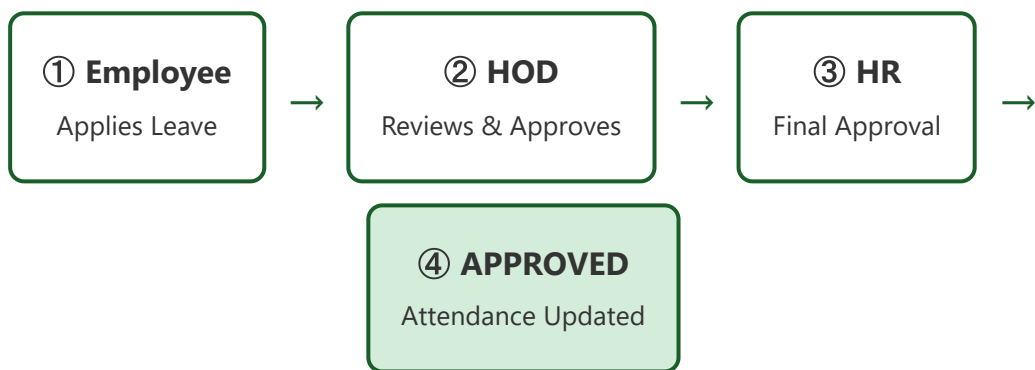

6. Leave Management

Approve or reject employee leave requests.

Step 1: Open Leave Management

- 1 Click "**Leave Management**" in the left sidebar

Leave Workflow

Leave Types

Code	Full Name	Annual Allowance	Notes
PL	Privilege Leave	18 days/year	Minimum 2 days application
CL	Casual Leave	6 days/year	For personal/emergency work
SL	Sick Leave	6 days/year	For medical reasons

How to Approve Leave

- 1 Open **Leave Management** → **Pending Approvals** tab

- 2 Review the leave request details

3 Click "**Approve**" or "**Reject**"

4 System automatically updates attendance and deducts leave balance

● IMPORTANT: When HR approves leave, the system automatically:

1. Updates attendance register (marks as Leave)
2. Deducts from employee's leave balance
3. Ensures no LOP deduction in payroll

7. Payroll Processor

Calculate monthly salary for all employees.

Step 1: Open Payroll Processor

- 1 Click **"Payroll Processor"** in the left sidebar

Step 2: Select Month & Company

- 2 Select **Month** (e.g., May 2026)
- 3 Select **Company** (SVN-1, Sakar-I, or ALL)

Step 3: Calculate Salary

- 4 Click **"Calculate Draft Salary"**

What System Auto-Calculates

Earnings	Deductions
Base Salary	PF Employee (12% of Basic)
HRA (40% of Basic)	ESIC (0.75% if applicable)
Special Allowance	Professional Tax
Conveyance Allowance	LOP Deduction (Absent days)
Medical Allowance	Loan Deduction (Auto from Loan Register)
Education Allowance	Other Deductions
GROSS	TOTAL DEDUCTIONS

NET PAY = GROSS - TOTAL DEDUCTIONS

Step 4: Download & Verify

5 Click "**Download Excel**" to export salary sheet

6 Verify all amounts are correct

Step 5: Close Payroll

7 Click "**Close & Approve Payroll**" to lock the month

 **WARNING:** After closing payroll, no further changes are allowed for that month. Make sure all data is correct before closing.

8. Salary Revision

Process increments and salary changes.

Step 1: Open Salary Revision

- 1 Click "**Salary Revision**" in the left sidebar

Step 2: Search Employee

- 2 Enter **Employee ID or Name** to find the employee

Step 3: Enter New Salary

- 3 Current salary is auto-filled (read-only)
- 4 Enter **New Base Salary** amount
- 5 Select **Effective From Date** (e.g., 01-May-2026)
- 6 Enter **Reason** (e.g., "May-26 Increment")
- 7 Click "**Save Revision**"

 **IMPORTANT:** Salary Revision does NOT overwrite the old salary. The system maintains a complete history of all salary changes with dates and reasons.

9. Loan Management

Track employee loans and auto-deduct EMI from salary.

Step 1: Open Loan Management

- 1 Click "**Loan Management**" in the left sidebar

Step 2: Add New Loan

- 2 Click "**Add New Loan**" tab
- 3 Select **Employee**
- 4 Enter **Loan Amount** and **Monthly EMI**
- 5 Click "**Save Loan**"

💡 **TIP:** Loan EMI is **automatically deducted** during payroll calculation. When HR runs "Calculate Draft Salary", the system checks for active loans and deducts the EMI from net pay.

10. Reports & Analytics

View various reports and export to Excel.
